

CLUB FORMED FOR MOTHERS IN EXPECTANCY

The new Stork club was formed at the YWCA with Mrs. Doris Alles as instructor. The object of the course is to prepare the mother physically and emotionally for childbirth. This is done in informal discussions, pictures, and demonstrations. The course covers anatomy and physiology of pregnancy, and delivery, relaxation techniques, exercises to help relieve the common discomforts of pregnancy, exercises and training for labor and delivery, post-natal exercises for muscle restoration, and one session for fathers and mothers. Any further information may be obtained from the YWCA at 2320 Carson st.

Karen Brunel

The Carryall for daytime or evening time looks lady like and it has sufficient room for all your specific needs.—Press Photo.

THE CARRYALL PURSE SHOWS DISTINCTION

A fashion in the hand may be worth almost anything this season. The "fair lady" look for afternoons or evenings never developed a taste for large opulent looking bags.

It's also obvious that "fair ladies" just can't look elegant with bulging handbags. The lady who believes there's a place for everything and that the place is in her handbag, might easily spoil the elegant silhouette that she is trying to create.

Lawson's Jewelers on El Prado carries a wide variety of evening pouches, made of many types of jeweler's metals. Lawson's assortment of the Elgin American Carryall is wide and handsome.

Pictured is Karen Brunel modeling a gold carryall. Enscrolled with an antique design—has space for all the little valuables that a woman needs. A lipstick case for your favorite refill, powder case, little pill box, mirror, lip tissue holder and the cigarette compartment.

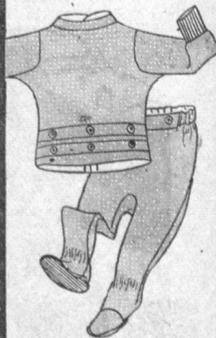

The carryall has its own smartly detailed grosgrain case, with carrying strap, and a compartment for your comb and money.

Fashion jewelry also takes on the "fair lady" flair for fall, massive jewelry with a golden finish, autumn jewelry designs include wide cuff bracelets, smooth and perfectly plain, or richly textured with intricate designs.

Much of the jewelry has a modern bulky look. The necklace and bracelet to

match (see photo) are distinctive on a tiny ball rolling chain. Necklaces are designed by Napier, which helps to keep the leaves in their proper place. A perfect ensemble for a tummy leaves—they are set. And the satin gold bracelet dress or suit.
